

Direct eLearning – How to Sign Up, Log In, and Enrol in a Course

1) Open the site

Go to: <https://directelearning.academy/login/index.php>. You'll see the "Log in to Direct eLearning" page. From here you can log in, create a new account, recover a password, or change language.

2) First-time users: create your account

1. Click Create new account.
2. Fill in the registration form: Username, Password, Email address (enter it twice), First name, Last name, City/Town, Country.
3. Password rules: at least 8 characters and include 1 digit, 1 lowercase letter, 1 uppercase letter, and 1 special character (e.g., *, -, or #).
4. Submit the form, then check your email inbox and confirm your account (click the link in the confirmation message, if prompted).

If you already have an account, skip to step 3.

3) Log in

- Return to the login page, enter your Username and Password, and click Log in.
- If you've forgotten your password, select Lost password? to reset it.

4) Find your course

- Use Dashboard, Site home, or Courses to locate the course title you were given.
- Click the course name to open its course page.

Tip: Some courses allow Guest access. If your instructor said the course is open to guests, you can choose Access as a guest from the login page. Note that guests can usually view but not complete activities or receive grades.

5) Enrol in the course

- On the course page, click Enrol me (or Self enrolment).
- After enrolling, you'll see the course sections and activities.

6) Optional: language & mobile app

- At the bottom of the login page, you can switch languages (e.g., English, Deutsch, Español, Polski, Ελληνικά, Български).
- There's also a Get the mobile app link (Moodle app) if you prefer learning on your phone or tablet.

Quick Troubleshooting

- Didn't get the confirmation email? Check spam/junk and verify you typed the correct email.
- Password not accepted? Ensure it meets all rules (length + digit + lowercase + uppercase + special).
- "Enrolment key is incorrect." Confirm the key with your instructor and watch for spaces or case sensitivity.
- Can't find the course? Confirm the exact course title or ask your instructor for a direct link.
